BICYCLE HELMET PROGRAM

Funded from corporate sponsorships and proceeds from the Northern Kentucky Traumatic Brain Injury Conference and the Kimberly Bernard Golf Outing.

Program promotes brain injury awareness, safety and prevention. Appropriately fitted, safety approved bicycle helmets are provided to children and adults.

Wear the helmet flat on the head, not tilted back at an angle!

Make sure the helmet fits snugly and does not obstruct the field of vision. Make sure the chin strap fits securely and that the buckle stays fastened.

If your organization, school or city would like to partner with BRIDGES in our helmet program, please contact Bob Stark.

Individuals desiring a fitted helmet can also contact Bob for a FREE helmet.

Check bridgesnky.org for upcoming events.
